

## **INDEPENDENT STUDY COURSE APPLICATION**

Independent study cannot be used to validate existing knowledge or competencies. RCTC provides a Credit for Prior Learning option if a student believes that previous learning or experience meets RCTC course competencies. Students may apply six (6) credits of independent study toward a certificate or degree.

## **General Directions:**

- 1. Meet with a faculty member, complete this form, and attach a copy of the course outline/syllabus.
- 2. Meet with the Academic Dean for approval and signature.
- 3. The Curriculum and Academic Scheduling Coordinator will email you instructions for registration.
- 4. Pay tuition through the eServices or at the Cashier's Office. Note: Tuition for Independent Study has been approved by the MnSCU Board of Trustees at a differential rate (higher).

## Student Name:

Stinger ID:\_

## Independent study type: (Check one)

- **Regular Independent Study Course** enables a student to complete an RCTC course when it is not possible to attend a required class because of unavoidable conflicts. The normal course work of a previously approved course is completed by the student under the supervision of an appropriate faculty member.
- **Specially Designed Independent Study Course** enables a student to develop, with a faculty member, and educational plan for enrichment or focus on a special area of interest. Independent study courses should start and end as near as possible to the beginning and end of the regular semester. Students who intend to engage in a specially-designed course with a specific instructor should have established a working relationship within the discipline (this normally means that the student has taken at least one course in the discipline). The specially designed education plan is completed by the student under the supervision of an appropriate faculty member.
